

# Pilot Episode — Send Me Your Worst

*Welcome to Whatcha Broke Wednesday. Not 'Whatcha Know.' We borrowed the name. We borrowed nothing else.*

First episode I'm using my own backlog. Three defects we found in the last 12 months alone.

Here's how it works. You email me a photo or video of your defect. Include the brand, model year, and how long it took to fail. I'll feature the worst one every Wednesday. Anonymous if you want.

If you've been holding it in because the dealer told you you're 'overreacting' — you're not. Send it.
